Welcome to the 11th Cheltenham International Salon of Photography. Two memorable things for me to remember from this year's salon, one is the debut of Pixoroo Software for Salons and second, having Romain Nero EFIAP/P HonEFIAP HonFLPA, FIAP Directeur du Service Patronages, as a judge of our salon.

As the Pixoroo designer, I wanted to bring something new into the world of International Exhibitions, a software that is not only modern but that it is a lot more than a judging software, that is a platform on which we celebrate and promote our photography and our community. I am thrilled to say that we made a spectacular start on this and that a lot more is coming, watch this space!

Having Romain here in Cheltenham as a judge was special for me because he brought with him a wealth of experience about salons which I learned a lot from. And despite his "imperial name" I found Romain extremely open and approachable! We salute you Romain Nero from Cheltenham!

This year we had a modest but welcomed increase in the number of entries which of course filled us with hope for even bigger participation in the future. The standard of photography keeps getting higher all the time and there are some world class images on this catalogue for you all to enjoy.

Finally, I would like to thank all those who invested their time and effort to make this salon a success. I thank all the judges for their professionalism and dedication to the selection process. I thank all my team members who all worked hard to make this salon as success. Aleks Gjika EFIAP DPAGB - Chairman

Our Salon benefited from the services of six highly experienced international selectors coming from England, Luxembourg and Wales. Sharing in excess of 200 years photographic experience between them, having divergent life experiences, but united by a love of photography and the making of great images, our team were well qualified to assess this year entries. Collectively they choose what they felt were the cream of images for acceptance into our Salon and considered the best of these for receiving one of our 141 individual awards. Together they share the highest photo distinctions, are no strangers to making award winning pictures and were well placed to choose outstanding work for this our 11th Salon in 2023.
