Cheltenham Salon of Photography 2026

Aleks Gjika EFIAP/b DPAGB BPE1

Welcome to the 14th Cheltenham International Salon of Photography. This year marked the first year of running the adjudication remotely. The reason to go remote, was to get more international, in terms of judges and entrants. And it seem to have paid off. It has been a good year and once again I am very pleased to report a measurable increase of some 40 more entrants and some 500 more images. My first thanks go to the judges which were from further than before for their dedication and hard work. Thank you to my team as well for their time and effort in supporting the salon. Biggest thanks as always go to our entrants that keep coming every year of of course all those new ones entering our salon for the first time and making our salon a true festival of Photography.
