JUDGES

Pia Jessen has various roles within the Australian Photographic Community. Pia champions local, National and International exhibitions, believing participating in exhibitions and competitions pushes photographers of all levels to develop, stretch and learn, as well as keeping abreast of current photography trends. She has judged numerous National and International Salons in Australia and is passionate about People, Nature and Adventure Travel photography. Pia is an award-winning photographer, earning high distinctions and recognition in International and National Photographic Exhibitions and has had her work exhibited in a number of countries. Pia's current roles include 4 Nations Inter-Country Competition co-ordinator, Chair of Redlands International Salon, Australian country leader for Crossing Bridges annual event, and events Director for Redlands Camera Club.

Vi Wilson is a self-confessed amateur photographer, who has been behind a camera since her early teens. Although she enjoys most photographic genre, her particular interest is landscapes. A love of the natural world has led her to many parts of the world – to both Polar regions, Europe, Iceland, USA, Japan and New Zealand as well as her own country.

Vi's images have received high recognition in many National and International exhibitions, including a significant number of gold medals for landscapes, nature and portraiture. She has judged at a number of International Exhibitions in Australia and overseas, and at Club and Inter-club competitions. Vi is a Life Member of Gold Coast Photographic Society.

Since 2016 Vi has been the Australian Photographic Society's Exhibitions Coordinator, and last year became a Star Ratings Director for the Photographic Society of America, Nature Division.

Neville Foster cannot remember his life without photography even before he joined a camera club in 1976. In the early years he would photograph everything. As he progressed, he became more attached to his love of nature in all its form. Neville competed from camera clubs to Nationals and Internationals. His first National judging was back in 1985, the following year he judged Maitland International. Over the years Neville has received many awards.

In 1988 he was elected to the Council of Australian Photographic Society (APS) as Chairman of Nature division; from that period he has progressed through (APS) administration to the position of President 1998-2000.

In recent years he has devoted attention to nature macro photography.

Craig Parker's interest in photography became more serious when he joined a local Camera Club in 2008 to learn and improve his photography. He began entering Australian National Salons in 2009 and International Salons in 2010.

A member of Australian Photographic Society since 2009 Craig received the skill-based honour of APSEM and EFAIP/b through the exhibition system. As a member of the Photographic Society of America Craig has gained the honour of Master (MPSA) in 2017 and the Bronze Portfolio Honor (BPFA) in 2018.

Craig enjoys travelling specifically for Nature photography with trips to Antarctica in 2010 and 2011, Svalbard in the Arctic in 2013 for Polar Bears and month-long wildlife photography trips to South Africa in 2015 and 2018.

Craig regularly judges at Club, National and International levels.

*"All the technique in the world doesn't compensate for the inability to notice."
Elliott Erwitt*

David Oliver views life through a lens, and at times through an aeroplane window... Sydney, London, Scotland, Ireland, Singapore, NYC, there are no boundaries to where David discerning clientele will take them to make sure their precious moments are captured by this sensitive and spontaneous style. David's ability to capture incredible images has been recognised not only by clients, but by the photographic profession where he is a Grand Master of Photography in the Australian Institute of Professional Photography, and an ambassador for Nikon and Epson.

GPU L210002

GLOBAL PHOTOGRAPHIC UNION - GPU (former UPI)

is a worldwide interactive organization for anyone interested in
photography, be they casual, serious amateurs or professional
photographers.

Founded in Gairle, The Netherlands, September 2007, GPU brings together
professional and amateur enthusiasts of all ages and levels of
achievement. As a nonprofit organization, its mission is to promote and
enhance the art and science of photography in all its phases.

Individual members are offered a wide variety of activities: photo and
digital competitions, photo exhibitions in different countries, study groups
via mail, web site access, photo books, magazines, Photo festivals,
distinctions, titles, and a raft of other activities.
