Author's comment: It is only from my hometown and many think it is only a freight station, not interesting. It is a picture of my philosophy I think: No matter what it is, if the model cannot be beautiful, show its essence, and that as pleasant as possible.

JUDGES

Neville cannot remember his life without photography even before he joined a camera club in 1976. In the early years he would photograph everything. As he progressed, he became more attached to his love of nature in all its form. Neville competed from camera clubs to Nationals and Internationals. His first National judging was back in 1985, the following year he judged Maitland International. Over the years Neville has received many awards. In 1988 he was elected to the Council of Australian Photographic Society (APS) as Chairman of Nature division; from that period he has progressed through (APS) administration to the position of President 1998-2000. In recent years he has devoted attention to nature macro photography. The Photographic Society of America Nature Division awarded him the honour Photographer – Naturalist – Birds in 2018.

Craig's interest in photography became more serious when he joined a local Camera Club in 2008 to learn and improve his photography. He began entering Australian National Salons in 2009 and International Salons in 2010. A member of Australian Photographic Society since 2009 Craig received the skill-based honour of APSEM and EFAIP/b through the exhibition system. As a member of the Photographic Society of America Craig has gained the honour of Master (MPSA) in 2017 and the Bronze Portfolio Honor (BPSA) in 2018.

Craig enjoys travelling specifically for Nature photography with trips to Antarctica in 2010 and 2011, Svalbard in the Arctic in 2013 for Polar Bears and month-long wildlife photography trips to South Africa in 2015 and 2018. Craig regularly judges at Club, National and International levels.

Joe started to participate in international salon competitions from 2010 and is now an accomplished international exhibitor. Joe's major areas of interest in photography includes sports, travel, photojournalism and landscape. To date, Joe has been awarded over 13,710 acceptances and has won 1,800 awards from international exhibitions over 70 countries. This includes 53 FIAP Blue Pins for "Best Author", 100 PSA Gold medals, 75 FIAP Gold medals and 1,640 other awards.

Joe has ranked 12 times in the world top ten lists of PSA's Who's Who in Photography in 4 different categories across 4 years. This includes a second place in 2012, first place in 2013 and 2014, and seventh place in 2016. Academically, Joe completed his MBA with Deakin University in 2000. On his photographic accreditations, Joe has obtained his distinction of APSEM/bronze from the Australian Photographic Society (Australia), EFIAP/diamond 3 from FIAP (Europe) in 2020 and GMPSA from PSA (USA) in 2016 and the Gold Portfolio (GPSA) Honor in 2020.

Additionally, Joe has acquired other international photographic distinctions of Crown 5, VIP-5 and the Zeus title from Global Photographers Union (GPU); BP.ICS, GM.ICS, ICS/Safiiri from ICS and SFWIEP from Wilmington International.

Alec Trusler's interest in photography started in the late ninety's where he started out as a nature photographer.

In 2013 Alec gained his ARPS in Nature with the Royal Photographic Society and was a member of various camera clubs in the UK.

In 2014 Alec moved from the UK for a new life in NSW, Australia where he joined the Maitland Camera Club and was soon to become the Membership Secretary and got a lot of pleasure helping the new members getting involved in the club and entering competitions.

Besides Nature photography Alec enjoys taking Seascapes, Sport, Action and Astro, and enjoys entering international competitions and has been rewarded by receiving his ARPS, FAPS and EFIAP.

Helen is a recognised artist and an experienced national and international photography judge.

She is a passionate nature photographer with strong interests in monochrome and creative photography. Having travelled extensively, she believes the key to great photography is the ability to capture that decisive moment in wonderful distinctive light. Helen enjoys the creative outlet that photography allows and when judging, she looks for the personal vision that each photographer brings to their work.

As the Nature Division correspondent for IMAGE magazine, Graeme contributed divisional articles on nature for over eight years.

His lengthy membership of APS has led to Graeme being the APS State representative looking after the needs of members in the national capital. Graeme was a member of the committee chaired by Dr Roy Killen (APSA, GMPSA/B, EFIAP, APSEM) PSA Membership Director for Australia, which formulated the definitions of Nature and Wildlife.

Graeme's first love in photography was as a monochrome print worker working mainly the area of theatre photography. He has had three exhibitions of theatre photography mounted in Canberra.

Apart from working in monochrome Graeme has a great interest in photographing nature, sport and travel and he is a keen street photographer.

Over the years Graeme has acted as a judge and lecturer at local club level as well as judging competitions for interstate clubs the Australian Photographic Society. Graeme has also been included on the judging panels of Australian National exhibitions as well as Australian and overseas Internationals.

Graeme has been competing in National and International salons since 2007 and in that time has amassed over 12,000 acceptances in 55 countries and been awarded just under 1000 international awards, 125 of which were in nature exhibitions.

Graeme currently holds the honours and distinctions of APSEM/b (Exhibitor's Medal Bronze Level) from the Australian Photographic Society, has been awarded the distinction of Master 2nd level of the Photographic Society of America (MPSA2) and the EFIAP/d2 level from the International Federation of Photographic Art in Europe.
