FRONT COVER: *Vortex*, Ian English, Australia

Author's comment: I called this image *Vortex* although it is really a reverse vortex because it is taken looking up at the sky from within a building. The image was taken whilst wandering around exploring New York City in March of 2018. I was attracted by the many shapes and lines drawing my eye to the sky. I could say that I was lucky to have a plane fly over at that moment but no such luck. I put the plane in to create a point of interest.
